

Buckeye®

**RiPSAW**  
floor stripper

Available Packaging

## The RipSaw Difference

**RipSaw** is Buckeye's fast-acting, power stripper! **RipSaw** cuts through your floor finish buildup, and makes the labor intensive task of stripping easier and more manageable. It helps get the job done quicker by reducing the dwell time required, while still removing finish and sealer in one application.

**RipSaw** also has a unique, built-in Automatic Dilution Indicator (ADI®)! When diluted at approximately 1:4, the stripper solution will turn cloudy. This allows you to achieve the desired dilution ratio while not "over-using" your floor stripper.

**RipSaw** is designed to be used on all hard floor surfaces. **RipSaw's** mild aroma makes it pleasant to use. No artificial fragrances have been added.
